Summary

Artificial Intelligence and Data Science student with a strong foundation in Java programming, Data Structures and Algorithms, SQL, and basic Python. Familiar with AI tools and modern technologies, with a keen interest in problem solving and data-driven applications. Passionate about continuously learning and applying technical skills to real world challenges.

Education

2023 – 2027	V.S.B Engineering College B.Tech Artificial Intelligence and Data Science CGPA :8.13(upto 5th semester)
2023	Buds Matric Higher Secondary School HSC 12th Percentage :90.5
2021	Buds Matric Higher Secondary School 10th Percentage :ALL PASS

Skills

Technical Skills

- Java
- SQL

Soft Skills

- Communication Skills
- Team Collaboration
- Adaptability

Certificates

- Programming in Java NPTEL | Score : 90%
- Pragathi Path to Future Infosys Springboard Cohort 6
- Getting Started with Artificial Intelligence Completion Certificate - IBM SkillsBuild

Projects

1. AI Powered loan eligibility advisory system

- Developed a full-stack loan eligibility prediction system using **React, FastAPI, XGBoost, and Scikit-learn** to analyze financial data and predict loan eligibility.

2. AI-Powered Crop Yield Prediction & Optimization

- Built a machine learning model using **Python, Pandas, NumPy, and Scikit-learn** to predict crop yield based on weather and soil parameters.

Internship

6/10/2025 – 10/12/2025

Virtual Intern - Infosys Springboard

- Developed an AI-Powered Loan Eligibility Advisory System to assess loan approval based on user inputs and earned a certification.
